EMTEX SIGNS AGREEMENT WITH BÖWE BELL + HOWELL TO OFFER COMPLETE ADF SOLUTIONS

BOCA RATON, FL – May 26, 2005 - Emtex Software Inc., the leader in innovative Output Management software solutions for high volume document producers, is pleased to announce a reseller agreement with Böwe Bell + Howell, the world's leading manufacturer of document processing and postal solutions. Under this agreement, both companies will be able to deliver a complete, end-to-end automated document factory (ADF) capability for a wide array of large enterprises.

The combination of Böwe Bell + Howell's enterprise production and integrity solutions with Emtex print output management systems will enable companies to simultaneously improve efficiencies, guarantee integrity, and automate their document production processes. As more companies implement Automated Document Factory (ADF) solutions, Böwe Bell + Howell and Emtex are uniquely qualified to offer best-in-class solutions to their customers that enhance productivity, flexibility and ultimately profitability.

"Emtex provides the industry's most comprehensive and innovative set of output management tools," says Roger Spitzig, Vice President and General Manager of Böwe Bell + Howell Software Business Solutions. "Together, Böwe Bell + Howell and Emtex offer an unrivalled range of flexible, vendor-independent ADF solutions which can be seamlessly and totally integrated into any print and mail environment. We are excited to offer our customers true end-to-end solutions and an extremely cost effective alternative to vendor-dependent and proprietary 'one size fits all' ADF solutions".

Tim Moylan, president and CEO at Emtex, added, "We are pleased to join forces with Böwe Bell + Howell to provide customers with solutions to resolve their

production processing management challenges. As we continue to respond to the increasing demand for affordable, open and comprehensive output management solutions, our partnership with Böwe Bell + Howell will deliver a fully integrated ADF solution that significantly reduces complexity and implementation time, with the highest return on Investment for our customers."

About Emtex

Emtex is the author of the industry-leading output management solutions, VIP and VDE. Founded in 1992, Emtex has offices in the UK, USA and Canada. Emtex solutions are installed in over 800 production sites worldwide. Recently Emtex has acquired the FlexServer product line and the Option Software Suite, both compliments and extends Emtex's existing solution portfolio. Emtex software solutions enable organizations with high volume, mission critical document production requirements to materially increase their profitability, by improving the efficiency of the output function and the communication and service to its customers.
